PLUME GRASS (<i>Erianthus Giganteus</i>) A native perennial plant. Has long slender leaves and beautiful tassels. Can be used for dried bouquets.50
RIBBON GRASS (<i>Phalaris A. Variegata</i>) Variegated creamy white on green.35

THE VETIVER PLANT (*Vetiveria Zizanioidas*)

A native of India. Naturalized in Louisiana by early colonist as an ornamental plant. Now in many localities it flourishes as a wild plant. It doesn't grow anywhere else in the United States. The roots of Vetiver carry perfume. The tiny rootlets of Vetiver give to laces and linens an indefinable fragrance which once enjoyed is never forgotten. Like Gree-Gree Powder. When crushed on a handkerchief that is frequently displayed, Vetiver is recommended as a lure to make men fall. Vetiver is beautiful on the lawn, it is a noble perennial plant with big clumps and graceful nodding spikes 6 feet high. Almost all hotels in Louisiana use Vetiver to scent linens.

Small plants .35 Medium .50 Large \$1.00
